

# Inaugural – Dallas Regional Five Star Innovation STEM Cup and Robotics Competition May 16<sup>th</sup>, 2020

at

## Richardson High School

1250 W. Beltline Rd., Richardson, Tx. 75080

Robotics Competitions Grades 2-12

Drone Competitions Grades 2-12

Engineering Competitions Grades 6-12

Texas' largest engineering, drone, robotics, and coding competition has now become even bigger with the addition of drone competitions; and it's coming to Richardson ISD!

Assemble your team and compete in over 13 different challenges, to include robotics, coding, drone competitions AND the Five Star Innovation STEM Cup engineering challenge, judged by the U.S. Army's Operational Test Command!

Participate in workshops and keynote presentations provided by AUSA (Association of the United States Army) Information Technology experts, cyber security experts, military professionals from the U.S. Army's Futures Command, and more....

Register Now to avoid missing the event of the year!! [www.fivestarinnovation.net](http://www.fivestarinnovation.net)
